WANTED.—Before the 1st of January, $25,000! We offer as an equivalent $30,000 worth of dry goods, fancy goods and clothing. Startling as the above announcement is, nevertheless it is true. Necessity knows no law, and rule of business. We take this unusual method with the full knowledge of the sacrifice we have to suffer; but we are compelled to raise the above amount of money within 30 days, and offer all the inducements in our power to succeed. We will sell black French silks (genuine Bonnets), from $1 to $3. Colored silks, black cashmeres, mourning goods, crape cloth, shawls, dress goods, fancy and domestic goods, cloaks for ladies and children, carpets and wall paper, of all description, at such rates that they are within the reach of all, and everybody will be able to make handsome presents for the holidays, with small investments. We also call especial attention to our immense stock of clothing, which we intend to close out entirely, as we propose to enlarge our dry goods business. We reduced this stock so exceedingly low that it would be folly for anybody wanting to buy men's or boys' clothing, to go in any other house. Give us a call, examine and be convinced.
* BARNETT BROS.

GO TO G. W. Cunningham's for choice mountain fruit of all kinds; wholesale and retail cheaper than any other house in town for quality and price. East side Virginia St, Reno *

HOLIDAY GOODS.—Osburn & Shoemaker have just received from the East the finest assortment of vases, toilet sets, perfumeries, card cases, ladies pocket books, and fancy articles of all kinds ever afforded to the people of Reno. Call and see them. No trouble to show them. *

"A THING of beauty is a joy for ever." This poetical adage was never more truthfully illustrated than at I. Fredrick's jewelry store. His new stock of Christmas presents are marvels of beauty, quality and cheapness. *

JUST ARRIVED.—$1 50 per box. A new variety of mountain raised apples, 4,000 feet above the sea comprising Red Rose, Baldwin's and Rhode Island Green. I do not sell for a big profit because I can sell cheap, as I raise them myself. Any person requiring apples can call at A. H. Barns, Golden Eagle Hotel, Reno.
A. Armbruster.
Boxes to be returned. *

LAST NOTICE.—We, the undersigned Barnett Bros., hereby request all those indebted to us to make payment before January 1st, 1879 otherwise we are compelled to force collection by instituting legal proceedings.
* BARNETT BROS.

THE City Drug Store keeps on hand their celebrated Sweet Castor Oil. Everybody uses it. Only 25 cents per bottle. *

DONT forget that S. N. Davidson is the only reliable jewelry store in town and always pleases his customers, sells his goods reasonable and keeps a very fine assortment of rich and elegant jewelry especially adopted for the coming holidays. *

THE National gold medal was awarded to Bradley and Rulofson for the best Photographs in the United States, and the Vienna medal for the best in the world. 429 Montgomery St., San Francisco. *

FOR the celebrated Crystal Peak Beer leave your orders at J. J. Beckers, H. T. Rohrs Agt. *

AND STILL THEY COME!—In close times like these men desire to have their money go as far as possible; hence, in making their purchase of such necessary articles of wear as boots and shoes they naturally consult quality as well as price. They want good material supplied at as reasonable rates as can be offered. All this is preliminary to requesting the public to call upon us for the purpose of examining the quality of our work and ascertaining the very moderate prices at which we are furnishing it to our customers. A word to the wise is sufficient.
BARNETT'S BOOT & SHOE STORE,
* Virginia street.

WHO WANTS BARGAINS?—The dissolution sale of Barnett Bros offers extra inducements just now, if you have the coin and need Dry Goods, Clothing, etc., of any kind. They sell without regard to cost, as a glance at their price list in another part of this paper shows. Let all who want bargains call on them as they mean just what they say. All indebted to them are desired to come up and settle immediately. *

FOR THE HOLIDAYS.—Just received at Queen's Drug Store, Opera House, west side Virginia street, new and elegant Toilet Sets, Cut Glass Bottles, French Plate Hand Mirrors, Pearl Handled Hair Brushes, Imperial Dressing Combs, genuine Lubin's Extracts, genuine Lubin's Soaps, choicest Bologues, and many other useful and beautiful holiday presents, all first class, at reasonable prices. *

GREAT REDUCTION IN PRICES.—Lubin's extracts for 7 bits, $1 patent medicines for 7 bits, 75 cents patent medicines for 5 bits, Florida water for 4 bits. All other patent medicines and toilet preparations cheaper than can be bought elsewhere. Prescriptions carefully compounded at greatly reduced rates at Osburn & Shoemaker's drug store. *

COMPETITION is said to be the life of trade. This may be so, but it opens a field to unscrupulous merchants to palm off spurious for the genuine article. This is not so at I. Fredrick's jewelry store, for although his prices are lower than ever before he will warrant everything sent out of his store as represented. *

THOSE Patent Illuminating Lamps, for which the "City Drug Store" are agents, are just the thing to suit the times gives as good a light as gas, at half the expense, and no danger of breaking chimneys. Those in need of good light will find it to their advantage to call and see them. *

OWING to the recent stock panic many poor children will miss the usual visit of Santa Claus; still this need not be so, for you can buy all sorts of nice presents cheaper than ever at I. Fredrick's jewelry store. *

STEPHEN CONNER has 40 acres of valuable building and vegetable land for sale in the edge of town; well fenced and water running through it. *

GO TO G. W. Cunningham's for choice, first class Family Groceries and Provisions. I defy competition for quality and price. East side of Virginia Street, Reno, Nevada. *

THE simplest, best and most durable machines—the New American—for sale for $30, at S. N. Davidson's, Jeweler. *

FOR SALE.—A horse and buggy, terms cash. A bargain. To be seen at Hymers & Chism's stables. *

## SECRETARY SHERMAN'S SPEECH.

We take pleasure in publishing John Sherman's speech delivered at the dinner of the New England Society. Secretary Sherman, responding to the toast, "The national faith; to be guarded as watchfully as the national life," said.

The public faith of a nation is like courage to man or like chastity to a woman—it must be beyond suspicion. The nation that will not observe its public faith when pledged is dishonored and ought to be stricken from the roll of nations Nothing can excuse a violation of the public faith except overwhelming necessity, which knows no law. All of us will agree to this axiom, but, as our Puritan preachers would say, the difficulty is in the application Questions have arisen upon the construction of laws relating to public obligation upon which men have honestly differed, but one thing was always clear and undisputed; that the national faith was pledged to the payment of United States notes in coin The time when it should be done, and this only, was a question of public policy The public faith was pledged with the issue of the first notes in March, 1862 It has been repeated by Congress, by both political parties, and was made definite as to the time by the Resumption Act I rejoice with you that the time is near at hand when this pledge is to be fulfilled and when all our money will be kept equal in purchasing power with the best gold coin issued from the mint. It has been a hard road to travel, but when we were driven from the specie standard by the necessities of war it was certain that we must return, and that when we did it would be with difficulty and suffering We delayed two long the voyage We wasted our resources in unproductive enterprises and ruinous living, before our people could be induced to attempt the task, but now that it is nearly accomplished its maintenance will be easy or difficult, precisely as the business men of this country, and chiefly of this city make it Congress, hitherto doubting, waits in hopeful expectancy the maintenance of resumption The Supreme Court is, I believe, unanimously in favor of retaining coin as the Constitutional standard of money. The President of the United States will not only enforce the Resumption Act, but has an abiding faith in its easy execution The powers invested in the Treasury Department are ample to meet even an extreme emergency, but I do not anticipate any necessity for their full exercise Coin will not be largely used in the ordinary transaction of business but other forms of money, strictly limited in amount to the sum that safely be maintained at par with coin, will be freely paid and accepted as money in all transactions and for all demands The necessary confidence that will make this easy will depend very much upon men who like you in the great works of trade handle the productions of our whole country If you, guided by the public good as well as enlightened self interest, will support the policy of resumption, the notes of the United States like its bonds, will travel with increasing credit the circuit of the world. These notes should be regarded not as heretofore as irredeemable and depreciated money, but as the coin certificates of a great nation rich in mines, workshops and broad fields, and richer still in untarnished honor. Every man should feel that to aid in this is a matter of pride, and to obstruct it a just cause of reproach You may be sure that the Executive branch of the Government will do its full duty in maintaining resumption. It will rest with the business men of this country to make it the beginning of hopeful prosperity

It is positively announced as coming from friends and admirers of Senator Bayard, of Delaware, that he is a candidate for the Presidency, with strong assurances of financial backing from New York, which he is expected to carry, and also Connecticut and New Jersey, giving with the solid South the majority in the Electoral College. Bayard's friends are very sanguine of the success of the proposed alliance of the South with the East on a hard money platform.

The Hudson river is practically closed for ever the best kind of craft This is rather earlier than usual. Last year a sailing vessel reached Albany from New York on January 2 For fifty miles south of Albany the river is closed with heavy ice.

The Missouri river has been closed for weeks, and the ice is now a foot thick The entire transportation over land now is transacted by sleighs.

## ABOUT RAILROADS.

### A Positive and Permanent Remedy for Extortion and Discrimination in Nevada.

EDITOR JOURNAL —The system of railroad building in Nevada and Utah seems to be founded upon the idea that there never will or can be but one great transcontinental road through this State and Utah, and that all roads west of the Rocky Mountains must constitute the lateral branches of, and act tributary to those monster monopolies—the Central Pacific and Union Pacific Railroads—carrying with them, as they must, to their extremities, the same beautiful system of extortion and discrimination that is practiced and enforced by the mother line. This is not

THE TRUE BUSINESS

No relief from the burden of high rates of fares and freights, discrimination and extortion, can ever be effected so long as railroad building in this country is made tributary to the monopoly line. Utah now has a road in progress of construction southward from Ogden which when completed will be some 250 miles in length The Eureka road running southward from Palisade is about 90 miles in length The Battle Mountain and Austin road—about to be commenced—is about 100 miles in length. The V & T. road is to be extended south something near 100 miles making with the portion already constructed some 141 miles, making in Nevada and Utah when completed about 580 miles of road running north and south to accommodate central Nevada and Utah Now suppose we

TURN THE RAILS THE OTHER WAY

East and west, and this 580 miles of road would reach from the eastern boundary of Nevada or nearly so, then there is but about 200 miles from the eastern boundary of Utah to Denver in Colorado where we meet the Kansas Pacific R R, and so we have a continuous line from the western boundary of Nevada to the Atlantic sea board. Now attach 250 miles more to the western end running a road via, Beckwourth Pass, Feather River, Marysville, etc, to San Francisco and we have an entirely independent line of railroads

ACROSS THE CONTINENT

White Pine, Eureka, and Lander counties need railroad facilities to bring them within reach of the vast timber forests of the Sierra Nevada The mineral resorces of those counties is immmense and the wood, timber and coal supply in the vicinity of those mines will soon be exhausted, and unless some means of relief is soon provided they will be at the mercy of the C P R R, upon which they must depend for the vast quantities of timber, wood, lumber and coal, required in working the mines. Storey and Washoe counties have within their borders the Truckee river, the finest stream in the State, which will afford water power sufficient to reduce all the milling ores within convenient reach of a railroad passing through these counties; from Eureka east to the eastern boundary a practicable route can easily be found. Article 8, Sec 9, of the Constitution prohibits the State from loaning the credit of the state or taking stock in such a road; but Sec 10, article 8, allows counties such rights Let the people of the different counties consider the advantages of such a road, count the cost, and if practicable, provide the means of building this road Let a majority of the stock be held by the different counties so that there will be no danger of its ever passing into the hands of any other corporation or any monopoly. The benefits that would accrue to every portion of the State from the construction of another road passing east and west through the central portion of the State between the 39th and 40th parallels of latitude, are so apparent that they need not be especially commented upon in this article It is clear that it would in a very short time form the connecting link of another transcontinental road across the continent. A route for such a road has already been surveyed from the western boundary of the State via Verdi, Reno Wadsworth, Rigtown, Sand Spring, Westgate and Austin to Eureka. Let it be forever owned and operated by the people of Nevada or their authorized agents, and let the labor required in its construction be performed by Americans or Europeans. ENTERPRISE.

RENO, Dec 26, 1878.

THE Eureka *Leader* has entered upon its second volume with the best of prospects. The *Leader* is ably edited, and a paper deserving of liberal support.

## THE AGRICULTURAL WEALTH OF FRANCE.

### Synopsis of an address by Gen. B F. Butler, at the International Dairy Fair in New York.

Gen Benjamin F. Butler delivered an address at the International Dairy Fair, New York, on the 3d of December, the object of which was to show that all agricultural industries can be most profitably carried on where the land is largely subdivided into separate ownerships, and that the aggregation of great amounts of land is at once unprofitable to the holder and disastrous to a country and its people. This is demonstrated by a comparison of productions of our soil with those of France which, with not so much area as the State of Texas, raises more wheat than the whole United States; the product of wheat in France in 1866 reached 350 000 000 bushels, while the total in the United States was only 240,000,000 Going back to 1860, where only we can get accurate statistics of the products of both countries, he said France then produced 230,000,000 bushels of oats against our 170,000,000, 70,000 000 bushelf of rye against our 20 000,000; 60 000 000 bushels of barley against our 12 000,000, and 32,000,000 bushels of buckwheat against our 12,000,000 Nor was she without the products of grazing and pasture-land, which are supposed to be the necessity requiring our extended farms. She had 4,000,000 horses and mules, against our 4 250,000; 12,000,000 of neat cattle, against our 13 000 000; 30,000,000 of sheep, against our 24,000,000; and 6 000 000 of swine, against our 15 000 000. Leaving out gold and silver, both as exports and imports, in 1876 France imported $732,000 000 worth of the products of other countries, as against imports of the United States amounting to $533 000,000 or nearly one half more. But to pay for this she exported $804,000,000 worth of her productions, as against the exports of the United States to all countries, $545,000,000, or nearly one half more, leaving a surplus of profit or the balance of trade of $70,000,000. This was clear profit, because France has no foreign debt to pay, and the balance of trade in her favor is not used up in paying the interest and principal of a debt held against her abroad, either national or municipal. Lest any one should think that her exports were manufactured articles alone, let me add that of these exports, articles of food and raw material formed a part to the extent of $286,000,000 or leaving out cotton and tobacco, much more of food and raw material than did the United States export. The results possible? It is through a cultivation of the soil. Of her 132,000,000 acres, 64,000 000 are arable, 12,000,000 only are in meadows, as we say, fields, and grass, 5,000,000 in vineyards, 1,500,000 in orchards and gardens and 2,550,000 in miscellaneous crops, 20,000,000 in wood and forest a half million in ponds. Twenty millions only may be called heath or waste lands, the remainder being for roads, public squares, canals and pleasure grounds—about seven millions of acres. Thus it will appear that two thirds of the entire area of France is under actual cultivation every year. But the question still recurs—how can this be possible? The answer is, it becomes possible because of the minute subdivision of the land, the small free holders into which all France is divided.

SENATOR BAYARD is described as a well appearing man; his complexion is coffee colored; his hair is carefully brushed; it is not straight, but has the curl characteristic of his race. He dresses remarkably well, not foppishly He is an unusually intelligent looking man for his race, is modest and unassuming, and never participates in the debates unless they in some way affect the interest of his State. His wife is a slender, shapely woman. Her complexion is thoroughly Andalusian She has delicate highbred features singularly full of repose, and a manner and bearing eminently refined; her eyes are large, and have the tender expression so specially the peculiarity of the Moorish woman She is highly educated, and has many intellectual resources. It is rumored that Mrs Hayes will invite Mrs. Bruce to receive with her on New Years' Day

BACHELORS, attention! It has been decided that a marriage conducted by telegraph is perfectly valid The decision is based on the ground that a marriage ceremony is merely a public declaration of the nuptial contract. The telegraph wedding is such a declaration; therefore, in the future gentlemen living long distances from their finances and possessing insufficient means to defray the expenses incidental to the consummation of their matrimonial vows at the homes of their lady loves, can have the knot securely tied by telegraph and blushing brides can proceed shortly after wards by rail to their happy husbands.

## A NORTHEAST PASSAGE.

### Discovery of a Northeast Passage from Europe to Behring Strait—The North Cape of Asia—Battling with Ice and Steering Through Dense Fogs—Reaching the Lena.

[New York Herald, Dec. 21.]

Berlin, Nov. 29, 1878.

The long and ardently expected reports of Professor Nordenskjold's successful voyage from the Y nisei around the North Cape of Asia to the Lena—a feat never before accomplished by any vessel—have now come to hand, fully confirming the telegraphic news of his safe arrival at the Lena, received on the 14th of October. We extract from a letter dated "Off the Lena, August 27," and written by Lieutenant Nordquist, a naval officer on Nordenskjold's staff, the following interesting particulars:—

"We left Dickson port on the 10th of August and had not gone far before we perceived the charts to be entirely wrong, for the coast is in reality far more to the west than hitherto supposed. The fine weather with which we were at first favored gave way to a dense and continuous fog In spite of the elements we pushed onward, and on the 11th passed Cape Sterlegoff, the furthest point yet reached by any vessel. We constantly perceived islands not given on the map On Monday, the 12th of August, we encountered ice, but not in such quantity as to demand special attention In the afternoon the ice began to thicken and gradually surround us, so that we were quite unable to break through the congealed masses. We increased our steam power and dashed with full force against the heavy blocks, in order to make way not only for ourselves, but also for the Lena, our smaller companion, whose iron sides are less able to withstand as much as the twenty-three inch oak planks of the Vega. After a while, when all efforts failed, we had to abandon our attempts at breaking through at this point Evening neared before an outlet was discovered, through which we escaped toward the east.

LIGHT OF THE MIDNIGHT SUN.

"A wonderful panorama spread around us. To the south lay the Taimur land, glittering fiery red in the rays of the midnight sun, appearing, by refraction, high above the northern horizon, while the ice, reflecting in the air assumed fantastic forms Upon the glassy surface of the sea the two steamers glided smoothly onward, passing many little fjords with ice fringed coasts An unfortunate bear, incautious enough to swim too near the Lena, had to atone with his life for his temerity. This Arctic splendor was not of long duration; the next day we were again obliged to resume our usual maneuvering between the drifting ice, when all at once, at a distance of barely 800 yards, we sighted land Of course we anchored and waited for clear weather, which finally ensued about three in the afternoon, only to be soon replaced by fog and ice. Still as best we could we held eastward until a favorable opportunity for anchoring presented itself in the shape of a small bay in the sound situated between Taimur Island and the continent This haven was named by us Actinia Port, from the masses of a sort of polyp we saw in the water. On the 18th of August we were at last released from our compulsory rest by a change of weather driving away the surrounding ice Continually enveloped in a thick mist we steered toward Cheljuskin, first noticed by us the succeeding day Without really seeing the land itself, but only following its icy outlines we at the approach of night arrived at the little bay, situated to the west of the northern extremity of Asia, and bearing the name of its first discoverer, the Russian mate Cheljuskin, who reached it by land in 1749 Who can describe the feelings of triumph and joy with which we at last drew near the long sought goal!

SALUTING THE NORTH CAPE OF ASIA.

"With all flags waving and greeting the time honored northern point of the Old World with five salutes, the Vega steamed proudly into the harbor, while the sun, as if to give additional lustre to the festive occasion, dispelled the clouds, showing a range of high, snow covered hills in the background From the top of a large promontory a bear stared inquiringly at his unexpected guests, but after receiving a few shots deemed it prudent to retire to the shelter of the hills Continuing our observations the next day we erected a cairn, in which we deposited a document telling of our expedition and future plans. At one P M on the 20th of August we weighed anchor and steered eastward. After battling amid fog and ice we attained the narrow coast of the Taimur peninsula and had then the luck to meet almost open water The coast is about fifty English miles more to the west than noted down on the chart. On the 25th we anchored near a small island in the entrance of the Chatanga Bay. We made final observations and sailed onward We are now in the mouth of the Lena, where we part company with our Lena, who carries the mail to Yakutsk, her destination She is to remain there until next year, when she will return to Europe. We, continuing our course in the Vega, hope, in a few months, to hail Japan and successfully accomplish the long desired and hoped for discovery of the northern passage from the Atlantic to the Pacific ocean."

THE custom of giving presents at Christmas and New Year, as well as the egg presentation on Easter, is of very ancient origin, but better opportunities were never offered than this present season at I. Fredrick's jewelry store, cheaper than ever. *

## THE SPEAKERSHIP OF THE ASSEMBLY

(Eureka Sentinel)

Our Republican friends have the making of the Speaker of the coming house of Assembly. We may be permitted, though to direct attention to the rights and wrongs of the situation. This will bring any unbiased mind to the unalterable conclusion that to the Great East belongs the Speakership.

There have been eight sessions of the Legislature, and consequently eight Speakers under the State Government. Following is the list, in the order in which they served: Tozier, Ferguson, Atkinson, Banks, Lowery, Bowman, Dovey and Mighels Of the eight, four hailed from Storey, to wit: Tozier, Ferguson, Atkinson and Lowery. Dovey was from Lyon and Mighels from Ormsby. Banks was a Humboldter, and Bowman represented Nye. It is thus shown that the Great West has had six of the eight Speakers Banks, of Humboldt can hardly be credited to Eastern Nevada, as he came from the central part of the State. So it follows that the Great East proper has never had but one Speaker With the single exception of Controller Halleck, the incoming State Government will all be made up of western men. Both of the United States Senators and the Congressman claim Storey as the base of their political operations Do the people at that end of the State demand more? And remember that we are not talking as a partisan, but in the interest of decency and fair play. The equitable thing to do under the circumstances is to give Eastern Nevada full one half of all the legislative positions. Our section will present a candidate for the Speakership He deserves, in common decency, the unanimous support of the Republican members His qualifications rank him more than the peer of any one named in this connection, and he is certain to preside with dignity and impartiality. Hon John S Mayhugh, of Elko, is the gentleman to whom we allude The fight is between Mayhugh and Gaton Storey, we have shown, has already had more than her share of Speakers, and besides, she has both Senators the member of Congress, and a number of State officers, to say nothing of the Warden of the State Prison and numerous deputyships All things considered, therefore, we demand for the Great East the Speakership of the Assembly, and at least a fair division of the lesser billets about the Legislature

THE BAYARDS.

(S F Stock Exchange.

Apropos of the talk of making Bayard, Delaware, next President it will be well to know which of the Bayards it is that is to be so honored of men. Delaware is a little State, but to the time when she has been without her Bayard in the Senate the memory of man reacheth not. The present Bayard entered the Senate in 1869, and on the 4th of March will have completed his tenth year The father of the present Bayard was his predecessor, and served in that body eight years, and his grandfather was his fathers predecessor and served thirteen years In addition to these an uncle of the present Senator served twelve years and was one of the great law authorities of the Senate. I has been given to but few American families—to none we believe save the Adamses, of Massachusetts—to preserve such an unbroken line of distinguished public service Truly, her Bayards and her peach's will preserve the fame of little Delaware, though all her other glories fade under the withering blast of time

### A Good Move.

As a result of the wise move made by our ranchers reducing the price of alfalfa to such a figure as would induce cattle-men to bring there stock here to feed during the winter months we can state that 5,000 head of cattle are now being fed in and around Reno, and everybody to the contract is well pleased. The ranchers get rid of their surplus hay and the stock men have their cattle convenient to market. The policy inaugurated will be carried out, and in the future we shall more fully realize the wisdom of it

### Thanks.

Chamberlain placed us under obligation on Christmas by sending to our office a pitcher of truly delicious egg nog, and a can of Booth's luscious Eastern oysters. Chielovich also remembered us with a bowl of splendid egg nog. These gentlemen shall not go unrewarded in the Beautiful City above if the printer's prayer avails aught.

### At Huffaker's

The Brown's and Huffaker's schools joined forces and had a Christmas tree at Billy Everett's place Christmas Eve. The citizens of the two precincts contributed $175 for presents, and two trees were thus made to look handsome. There were recitations and singing by the scholars, and altogether, it was a pleasant affair.

Mr Chas. Gilchrist, Supt., was the recipient of a beautiful silver tea set from the employes of the El Dorado Wood and Flume Co., on Christmas Day.

This is good weather for the contractors up in the mountains. Still there is enough snow up there to cause them considerable trouble.

Pyramid must look desolate. Thirty of its best representatives are in town, having been subpoenaed in the Lamb-Walker case.

Gen. R. M. Clarke has returned from a visit to the Paradise mines In his opinion Paradise will be a big camp next year

Supt. Julien has returned from San Francisco, and the work will go bravely on in the Con. Esmeralda.

Joe Jones is down with a slight attack of pneumonia. Nothing serious, we have reason to hope.

The weather is still pleasant. The nights however, are extremely cold.

The Crown Prince delinquent sale notice is published elsewhere.

M Nathan has gone below on a brief business trip.

Weil Bros have just received a new stock of cloaks.

### THE NEW YEAR'S "JOURNAL."

In accordance with our usual custom we shall issue the Journal in double sheet form on New Year's morning. The issue will be in keeping with those of previous years, but to our notion will be somewhat superior. It will contain a local resume of all events of local importance transpiring during the year; brief biographical sketches of State officers and members of the coming Legislature, also statistical information of great value; and illustrations of prominent buildings of the town and county, and so much other matter that we have not space to enumerate. Suffice it that no other country paper will be able to compare with it in any respect. An extra edition of 2,500 copies will be printed.

### Lamb-Walker.

The contested Shrievalty case was up before Judge Wright yesterday and the entire day taken up in argument, the demurrer being under consideration, Gen. Clarke spoke for the plaintiff, and Judge Haydon and Col. Ellis for the defendant. The Court took the matter under advisement until to morrow Should the demurrer be sustained that will put an end to the contest. Should it be overruled the trial of the case will commence next Thursday. Meantime Walker will enter upon the duties of the office, and as possession is said to be nine points of law, it is to be presumed that he has a great deal the best of the fight.

### Arrested for Illegal Voting.

Judge R. R Parkinson was arrested in Carson yesterday by the U. S. Marshal, upon complaint of S C Wright, for illegal voting, it being claimed that Parkinson is not nor never has been a citizen of the United States. The Judge gave bonds in $500 and was released from custody. The case will be tried before Judge Hillyer in February.

### Truckee Lodge Officers.

At the last meeting of Truckee Lodge, I O O F., the following officers were elected for the ensuing term: J. C. Haynes, Noble Grand; Harry Brown, Vice Grand; J. V. Peers, Secretary; Isaac Fredrick, Treasurer.

### Special Notice.

Arangements of a satisfactory character will be made with those Reno business men who desire to avail themselves of the advertising columns of the New Year Journal for that particular issue

The members of Chebra B'rith Shalom, are hereby notified to attend the regular meeting to be held at their Hall over the Congregational Church, Sunday the 29th inst., at 2 30 P M. sharp. A full attendance is requested, as business of great importance will be brought before the Society. By order of the President.

Masons are reminded that there will be installation of the new officers this Friday evening, and all are requested to be present. The Chapter installation will take place at 6 o'clock, and the Blue Lodge at 8 o'clock.

J. C Flood, of the Nevada Bank, did the handsome thing on Christmas by sending $1,000 to each of the orphan asylumns and $500 to the benevolent societies of San Francisco.

Dr Bergman left by the overland train last night on a professional visit to Humboldt. The doctor will return to-night.

The annual meeting of the stockholders of the Orr Ditch Co. will be held on the 11th of January.

There is a letter held in the Virginia postoffice for postage addressed to J. Stiner, Reno.

Talk is Cheap —And so are fine clothing, boots, shoes, and gentlemen's and boys' fine furnishing goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind I do not boast when I say that I defy competition in prices in anything in my line. Besides this I have only one price. I have no preferred customers. Everybody is treated alike at my establishment. My stock is the largest and most complete ever offered in any part of this State. Everything I have is new. No old, musty and out-of-date goods can be found on my shelves. I receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of my prices and examine my stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No store keeper sells goods for the fun of the thing. I make a profit on everything I sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. I particularly call attention to my full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of my specialties. Remember the place. New Departure.—On and after December 1st, 1878, the store of Manning & Duck will be conducted on a cash basis. Every customer will be compelled to pay for his own goods. No extra profits for bad debts. We propose to sell goods cheaper than they have ever been sold in this market. We are compelled to this important step by several weighty reasons: First, we wish to encourage prompt payment. Second, the prompt payer should not be compelled to pay an extra profit for the slow customer or the man that never pays. Third and most important reason, we are not able to carry so large an amount of our capital on our books and keep up our stock of goods. Good gilt edge customers will be allowed a credit of thirty days. If by agreement longer time is given, interest of 1½ per cent. a month will be charged.

A. H. Manning.

N. B. The old accounts of Manning & Luck must be settled by cash or note by the 1st of next January or they will be placed in the hands of a collector for collection.

# NEW YORK WEEKLY HERALD.

ONE DOLLAR A YEAR.

The circulation of this popular newspaper has more than trebled during the past year. It contains all the leading news contained in the DAILY HERALD, and is arranged in handy departments. The

FOREIGN NEWS

Embraces special dispatches from all quarters of the globe. Under the head of

AMERICAN NEWS

Are given the Telegraphic Dispatches of the week from all parts of the Union. This feature alone makes

THE WEEKLY HERALD

The most valuable chronicle in the world, as it is the cheapest. Every week is given a faithful report of

POLITICAL NEWS

Embracing complete and comprehensive dispatches from Washington, including full reports of the speeches of eminent politicians on the questions of the hour.

THE FARM DEPARTMENT

Of the WEEKLY HERALD gives the latest as well as the most practical suggestions and discoveries relating to the duties of the farmer, hints for raising Cattle, Poultry, Grains, Trees, Vegetables, &c., &c., with suggestions for keeping buildings and farming utensils in repair. This is supplemented by a well edited department, widely copied, under the head of

THE HOME,

Giving receipts for practical dishes, hints for making clothing and for keeping up with the latest fashions at the lowest price. Every item of cooking or economy suggested in this department is practically tested by experts before publication. Letters from our Paris and London correspondents on the very latest Fashions. The Home Department of the WEEKLY HERALD will save the housewife more than one hundred times the price of the paper.

The interests of

SKILLED LABOR

Are looked after, and everything relating to mechanics and labor saving is carefully recorded. There is a page devoted to all the latest phases of the business markets, Crops, Merchandise, &c., &c. A valuable feature is found in the specially reported prices and conditions of

THE PRODUCE MARKET.

Sporting News at home and abroad, together with a story every week, a Sermon by some eminent divine, Literary, Musical, Dramatic, Personal, and Sea Notes. There is no paper in the world which contains so much newsmatter every week as the WEEKLY HERALD, which is sent, postage free, for One Dollar. You can subscribe at any time.

TREATS ALL

**Chronic and Special Diseases.**

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR SPINNEY will guarantee to forfeit $500 for every case of Seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5

# SUMMONS.

IN THE DISTRICT COURT OF THE SECOND Judicial District, of the State of Nevada, in and for the county of Washoe.—The State of Nevada sends to EDWIN F. REED, MINNIE REED and D. W. EARL greeting: You are hereby required to appear in an action commenced against you as defendants by the Pacific Mutual Life Insurance Company, of California, a corporation, as plaintiff in the District Court of the Second Judicial District in and for the county of Washoe State of Nevada, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county but within said District, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover judgment for the sum of $1,565 00 and accruing interest in favor of plaintiff and against defendant, Edwin F. Reed, the same being due on a certain promissory note dated at Reno, Nevada, Sept 1st, 1875 for the sum of $1 500, bearing interest at one per cent per month and payable to the Alliance Mutual Life Assurance Society of the United States incorporated under the laws of the State of Kansas, or order, and by said Society assigned to the plaintiff and s ... to foreclose a certain mortgage on that certain piece or parcel of land known as lots No. 7, 8, 9 and the north half of lot 10, in block A, in the town of Reno, county of Washoe State of Nevada, fronting one hundred and seventy five feet on the west side of Sierra street in said town and running back or west one hundred and ... feet to the southeast bank of what is generally known as and termed the English Ditch, also that certain other parcel of land commencing at a point on the north-west side or bank of said ditch opposite the north line of lot 8 aforesaid and running thence west on the south line of Fifth street two hundred and ten feet thence south to Fourth street four hundred and ten feet thence to the north west bank of said English Ditch, thence along the ditch bank last afore said to the place of beginning, containing two and one-half acres of land, together with all and singular the hereditaments and appurtenances thereunto belonging said mortgage having been made and executed by Edwin F. Reed and Minnie Reed, defendants, and to sell said land according to law and the process of said Court, and to apply the proceeds of said sale to the payment of the costs of these proceedings including attorneys fees in the sum of $175 and the payment of said judgment and to bar and foreclose the defendants and particularly the defendant D. W. Earl, from the right or claim in and to said mortgaged premises, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno in said county

And you are further notified that if you fail to appear and answer said Complaint, the said plaintiff will apply to the Court for the relief demanded.

[SEAL] In testimony whereof I, P. B. Comstock, have hereunto set my hand and affixed the seal of said Court, this 29th day of November, A. D. 1878
